Latest news and bulletin updates

What's been going on in July

It has to be said, that not every month can be a whirl of excitement.

From the previous month being the hottest on record for years, this month has been rather cooler and rather wet!

We did finish the bespoke cross, however. Our mould maker James, excelled himself with producing a fantastic mould. 'It's just something I threw together' he said! What do you think?

Once we have a picture of the final install, we'll share this with you.

Sandstone Addition to our Portfolio

If porcelain isn't your cup of tea, and you're after a more traditional feel for your patio, we have now introduced a small range of Indian Sandstone to our portfolio.

We offer **Kandla Grey**, which has a soft grey colour and natural texture which creates a striking look. This comes in a patio pack of mixed sizes or packs of 600x900.

We also offer **Raj Green**, which showcases a harmonious blend of light green tones with subtle hints of brown, buff and plum colours. This only comes in a patio pack of mixed sizes.

Patio packs comprise of: 16no 600x900 tiles; 16no 600x600 tiles; 16no 600x290 tiles; and 12no 290x290 tiles.

Prices are £23 per square metre for patio packs, and £23.50 per square metre for 600x900 tiles.

Bespoke Stairs @ Chantry Place, Norwich

Back In February, we told you about a project in which we worked with Mode Construction to provide bespoke concrete stairs in Chantry Place Shopping Centre in Norwich.

We made a set of 13 steps and risers in natural concrete. The project has now been finished and we're pleased to be able to share the pictures with you.
